Please note that Virginia has recently adopted a new handicap revision schedule and active season dates. The new schedule has a Handicap Index being updated on the first and 15th of each month. Virginia will no longer observe an inactive posting season. Acceptable scores made in Virginia throughout the year must be posted to a player's scoring record. Scores made in a state observing an inactive season are not acceptable for handicap purposes.

Equitable Stroke Control (ESC) sets a maximum number of strokes that a player can post on any hole and is incumbent upon that player's Course Handicap. For handicap purposes, a player is required to adjust hole scores when they are higher than the player's maximum ESC number.
